Dear,
Bergen Artists,

Did you sign up to be a part of B-open, and do you have a video work you would like to show? Please mail the work via a Dropbox or Vimeo link to piyawanthiang@gmail.com

The selection and theme will be set according to the selected works, so right now it is still very open. We are looking for works to be shown as large screen projections, and possibly flat screen. This year's screening will happen on Festplassen in specially designed video huts, focusing on notions of sharing and hospitality.

Spread the word, and get in touch if you have work you would like to show! There is a humble artist fee of 1000,-. This fee has been set according to the amount of received funding.

Lets make it a fantastic weekend, where Bergen art and artists can take center stage for the weekend.
